Access Statement

We are delighted to welcome you to The River Dart Country Park and Holne Park House.

The River Dart Country Park & Holne Park House aims to attract a wide range of visitors to its campsite & property and welcomes all disabled people in society, irrespective of age, physical, intellectual or sensory ability and we will do everything possible to ensure a safe and pleasurable stay.

The River Dart Country Park & Holne Park House wants to provide a top-quality experience for all visitors. It will endeavour to ensure that disabled people are not treated any less favourably, and that 'reasonable adjustments' are made where appropriate and possible through sensitive and creative solutions. The Park is constantly reviewing how to improve all forms of access to its properties and services, and is striving to demonstrate best practice in the management of its site, in the services it provides, and towards the people it employs. Certain activities and attractions in our Park can, however, be physically demanding and vigorous and we therefore reserve the right to refuse admission should we feel there is a danger to a particular individual or individuals for whatever reason. We are advised by the Health and Safety Executive that a refusal on grounds of health and safety does not constitute discrimination. We hope that you understand and accept the decisions made in the interest of your safety. All of our team members are required to adhere to rules and restrictions for health and safety purposes, therefore please do not ask the team to break any rules; they are there for your safety and for the safety of others. Your safety whilst at River Dart Country Park is our main priority.

Whilst our staff are knowledgeable about special needs, reactions of other guests can occasionally be unpredictable if disabilities are mistaken for anti-social behaviour. To assist in preventing should an occurrence of this we suggest that you notify us of your visit in advance, so we can assist you in arrangements for your visit.

A few more ways in which we hope to make your visits more enjoyable:

General Information

The Park can be accessed easily by wheelchair users or those with limited mobility. However, the Park is predominantly a natural environment and so uneven surfaces and changes in levels are inevitable away from the built environment and hard paths. Our guests' safety is our prime concern and as such, River Dart Country Park reserves the right to refuse admission to an activity or facility if we feel that your safety or the safety of others may be at risk. Some of our activities are not suitable for all forms of disability.

However, we will endeavour to accommodate disabled guests whenever it is safe to do so. Most of our activities are clearly visible and we recommend that you observe their operation before queuing or ask a warden for advice.
